RE: Proposed 2020 Budget Reallocations and Amendments

Background

As briefly discussed at previous Board meetings and individually with the Board President and Treasurer, there is a need for a couple reallocations and amendments to the District's 2020 budget. The proposed amendments (shown on the attached table and highlighted in yellow on the attached 2020 budget spreadsheet) include the reallocation of funds from one line item to another, the addition of unassigned reserve funds from previous budget years to undertake additional workplan items not taken into account when the budget was developed and approved in the summer of 2019, and to show a more realistic CIP budget for various projects that will be undertaken in 2020 (as detailed in our workplan).

Staff will discuss the proposed reallocations and amendments.

Request

Staff is recommending the board approve the proposed amendments to the 2020 budget.
