MEMO

TO: Nine Mile Creek Board of Managers
FROM: Erica Sniegowski
DATE: April 13, 2021
RE: Normandale Lake Herbicide Treatment Quotes

Background

A request for quotes (RFQ) went out on March 24, 2021, to two companies for the herbicide treatment of Normandale Lake and Nine Mile Creek in Bloomington. The quotes were due by 4 pm on Friday, April 9, 2021.

The request for quotes included an option for a whole lake herbicide treatment and a partial lake herbicide treatment for curly-leaf pondweed. Based on 2020 plant surveys, it is likely that only a partial lake herbicide treatment is necessary. A spring 2021 plant survey will be conducted to make a final determination of whether a whole or partial lake treatment will be done. This plant survey is also necessary to obtain a DNR permit and approval for the herbicide application. The spring plant survey is scheduled for the weekend of April 16th.

RFQ Results

The results from the RFQ are shown in the table below.

Quote Summary Table
2021 Herbicide Treatment for Normandale Lake and Nine Mile Creek, Bloomington
Price Quotes Received April 9, 2021

Contractor Name	Quote Signed	Partial Lake Treatment	Whole Lake Treatment
		Base Quote Amount	Base Quote Amount
PLM Lake & Land Management Corp	Yes	\$2,160.00	\$52,390.00
Lake Restoration, Inc	Yes	\$7,811.00	\$42,759.00

Action

Staff will discuss next steps at the board meeting.
