MEMO

TO: Nine Mile Creek Board of Managers

RE: Boardroom Audio/Visual Quate

Background/Information

The mangers have discussed the possibility of providing a hybrid option of holding Board meetings to provide greater access options for the public to participate in Board meetings.

Because the District's Boardroom is not currently set up with the proper equipment to provide a hybrid option, staff contacted iSpace Environments out of Minneapolis to do an on-site tour of the District office and provide a proposal to upgrade the Boardroom with technology so that the District can hold hybrid meetings.
