### **Permit Erosion/Sediment Control Inspection Report**

#### ***Summary***

This month's inspections were the third with MS4Front. We've initiated discussions with Houston Engineering about removing locations previously removed from the inspection map wholesale and they are working on doing that now. After the initial removal, a few hundred will still remain and I will be collecting some of those each month to be removed accordingly.

- Number of inspection reports: 33
- Number of sites removed: 26
- Number of sites to remain in queue with no issues observed: 4
- Number of inspections with project not started: 2
- Number of inspections with issues observed: 1
