RE: Shady Oak Lake Outlet Pre-Permit Application Presentation

### **Background/Information**

During this agenda item, the City will be presenting the community engagement process and resulting plans for the construction of an outlet for Shady Oak Lake (currently a land-locked lake).

While a permit for the project has not yet been submitted, District staff and the City wanted to provide information about the project to the managers before the permit application is heard at an upcoming Board meeting.

### **Request**

No action is needed, the presentation is for informational purposes and to promote discussion.
