Submittal Requirements: Most permits can be approved administratively. Those that cannot need to be received complete at least 20-business days (excludes holidays/weekends) prior to a board meeting. Project must submit electronic copy of all required information as specified in District's Rules. Projects with wetland replacement have special noticing requirements and must be submitted 30-days prior to a board meeting. For projects with wetland replacement, submit six paper copies and an electronic copy.

Applicant Signature: "I understand that, as the permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I have received the permit. If the project is modified, I will obtain approval by the Nine Mile Creek Watershed District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors, to enter the project site to perform any inspections of work authorized by the permit or application law."

"I certify that I have thoroughly read and understand the information above."

Signature of applicant. Agent may sign if owner gives written consent.	Project contact signature, if different from owner
