This guide references rule

3.2.1

Wetland Conservation Act Minnetonka and Bloomington

When should you use this page?

- Both of the following apply:
 1. Your project involves draining, excavating, or filling a wetland
 2. Your project is in NMCWD and Bloomington or Minnetonka

What should I know?

- The watershed district oversees the Wetland Conservation Act, unless a city opts to oversee it instead
- Bloomington and Minnetonka are the cities within NMCWD that oversee the Wetland Conservation Act
- Contact the engineering group of your city to learn about procedures for dealing with the wetland on/near your project site:
 1. For Minnetonka: <https://www.minnetonkamn.gov/our-city/natural-resources-3502>
 2. For Bloomington: <https://www.bloomingtonmn.gov/eng/water-resources>
